WD 1868—GPB—16,626—25-7-21

Bangalore 4th Aug 1891

My dear Sir Shankar

Please excuse my writing to you again about Rugsey. I don't want to rush you or bother you, but the time is drawing near, and I meanwhile I must keep up Lawrence matters & keep me going during my absence

I had rather a bad night the night before last, and yesterday I was feeling rather unhappy about-

myself, but last night was a good one, & I am feeling very fit today.

There is, however, in my mind no question as to the necessity for my having a change, & rest from work for a bit, & I think this is the best time which I have chosen. Even though it means a little cold sweat at home during my stay there.

His Highness acted me at the Station on Friday if I were going & if there am arranged all right, & I said, yes, subject to his approval. Everything was settled satisfactorily to me, & that you have seen my wire about it.

I told the Comptroller that you have decided to cancel my pay & allowances at Rs 1850/-, & allow me to remit - keep that at the privileged rate in advance & the remainder at market rate, monthly or during my absence, as I want the money, & that I hoped he would soon hear from you about it. I hope you

will kindly allow that ar
ment to take effect from
1st January next. I shall
draw on my pay for that
month yet. I shd like to have
some money sent home for m
so as to have it available
in January.

In the Enclosed you will fi
ment. I have taken my passa
& sent Thos Cook & Son a cheque
cheque. Return passage tick
by the mail boat to-day since co
us all but Rs 3000/- so you se
it is no joke for me when all
is told.

Yours Sincerely
H. I

Exchange Compensation allowance

A letter on the subject has gone to the Residency as it and best European officers.

The only question is who shd pay them this allowance, whether the British Govt. or Indian. The latter pays them always an additional Salary, over & above their British Salary. Does not this additional Salary Compensate them? All are pay a heavy Contribution on account of leave & Pension allowances. Why shd not such a Contribution relieve us of the Ex. Comp. allce — as well

(employment myself?)

There are matters I shall talk over with the Resident, as the subject is one which has an important bearing upon our

future ability to employ Govt British
Officers.-

At any rate the Exchange Comp

their British pay proper & not
on their Mysore pay. This point
is lost sight of in the Comptroller's
Statement. I wd now like

allowance is therefore not admissible under that Resolution to Government ers in foreign service.

As regards Government officers in foreign service, the Government of ia, so far as they are concerned, agree to the grant of exchange compensation allowance under the restrictions and rules of the Resolution last quoted. But as the allowances will not be payable by the Government of India but by the Foreign employer, the claim in each case must, subject to any conditions imposed by statute, or by trust provisions, be decided, in the case of foreign service of the first kind, by the orders of the employer to whom the officer's services have been lent, and in the case of service of the second and third kinds, with the consent of the controlling authority of the funds to which the allowance will be chargeable.

In cases in which exchange compensation allowance is granted to an officer in foreign service of the first kind, as defined in Article 802 of the Civil Service Regulations, the allowance should be calculated on "assumed pay" as defined in Article 808 of those Regulations. In other cases, it should be calculated on the actual sanctioned salary of the officer.

Sir,

I have the hono. to acknowledge receipt of your office letter No. 2637/334-93, dated 3d August 1894, on the question of Exchange Compensation payable to the European Officers lent to the Service of the Mysore State.

2. I greatly regret that the Durbar's views

be different from those

of your own and that

this difference of opinion

should have given rise

to the recent Correspond-

ence on this subject.

With the object of more

clearly explaining the

views of the Durbar in

the matter, I beg to place

the following facts before

you.

In 1892, the Durbar

found that the prevailing

high rate of exchange was

causing with undue —

and which upon those

European officers belongi
to the Mysore Local Ser
vice, who had to make
remittances to England f
e education and suppo
f members of their —
amilies residing in En
land, and in decemb
ng 2 the Durbar accor
ingly permitted its —
fficers of the Local Ser
vice to remit a more
f their salaries at the
avorable rate of 1s.4
or bona fide family
urposes. This conces
ion, it will be seen
ncluded only those —

that had actual remittances to make, and these were chiefly the older officers. It was regarded ~~by all~~ as ~~very~~ in every way, & ~~it~~ reasonable ~~action~~ giving some relief to those that really ~~required~~ it to the extent of their actual requirements.

amt of the relief given was ~~limited by the no more than the extent of~~ limited by the actual requirements of the recipients.

The lent British officers applied for the extension to them of the same concession and I told them by a circular D. O. letter dated 1st April 1893 that

the Durbar could not sanction such an — extension. Among the reasons given for such refusal, one was that the Kent European — officers could not compare themselves with Local European officers as the salaries of Local officers were considerably lower than those attached to similar appointments in British India.

4. The Government of India in August 1893 published their

scheme for the payment

of Exchange Compen-

-sation to British

officers. The Durbar

thereupon ~~desired to give~~ deemed it expedient to make similar payment

~~the "Exchange Compen-~~

~~-sation" in the terms~~

~~of the Government of~~

~~India Resolution, to~~

lent European officers, lent for service in India

and ~~as they could not~~

~~make any~~ as no payment, to

India, Mr. Thamboo Chettiya

it was
~~I concluded~~ naturally concluded
that the Exchange com-
pensation would be

summarily regulated.

Had I thought differently, I should have written to you to elucidate the Durban's proposal as soon as I returned from leave, but so far from doing this, I recorded in this connection on 6th November 1893, the following remarks: —

"At any rate, the Exchange Compensation allowance should be

Calculated on their

"British pay proper,

"and not on their Mys-

"-ore pay." It was

easy for me at the —

same time to have

written to you to the

same effect, if I thought

that the letter of 9th Octo-

-ber 1893 made any pro-

-posal for calculation

upon "Mysore Pay."

Moreover

5. That the term "Salary"

in the Resolution of 18th

August 1893 was not

intended to mean "Salary

from a Native employer"

That the term "Salary"
as used in the Resolution
of 18th August 1893 was
not intended to mean,
in the case of a Lent —
Officer his actual Salary
from a foreign employe
may further be inferred
from the fact that the
Government of India,
when extending the Ex-
change Compensation —
Scheme to Officers in
Foreign Service, directed
that the allowances shou
be calculated on their
assumed Pay" This

direction was evidently
due to a desire, on the
part of the Government
of India that the al-
lowance of their officers
in foreign service —
should be regulated —
according to some —
definite uniform rule
and not by the mere
accident of their re-
ceiving larger emolu-
-ments from a foreign
employer. This direction
was in strict accord-
-ance with the policy
of the British Govern-

States in the matter of
the emoluments to be
paid to British officers
employed by them

As soon as the
Government of India's
direction for the cal-
culation of the allow-
ance on "assumed pay"
was received, the Dur-
bar gave ready and
loyal effect to it without
any demur. They
would have continued
to do so, if the direction
in question had not
afterwards been

it was cancelled and
no other mode of cal-
culation was laid
down, the Durban re-
garded that it was
open to them to carry
out their original
intention. It was
under such circum-
stances that my letter
of the 9th July 1894
was written

evident-
~~patent~~ from the
fact that the Govern

their decision (in

I did in my letter No

No. 3. Dated Bangalore 11/28 July 1894

To

The Resident in Mysore

Sir

I have the honor to acknowledge the receipt of your Secret letter No. 2460/3894 of Bangalore the 20 July 94 and in reply to make the following observations.

2. When the Resolution of the Govt of India of 18 August 1893 was published, the opinion of the Durbar was that Local British officers serving in Mysore and drawing Salaries higher than what they would have drawn in the British Service were not strictly entitled to the Exchange Compensation allowance from the State but that the Durbar might well decide to grant them an Exchange Compensation allowance at the rate of 10 per cent on their British Salary proper, on the ground that the difference between such Salary & their Mysore Salary might not be subjected to any practical reduction. All that the Durbar felt inclined

in further receipt of

to do ~~what~~ was to grant such allowan as the offrs wd have recd had they remained in British Service, so that their Indian Emoluments might ~~to~~ Continue to be better than their British Emoluments to the Same extent as before — Such an arrangement, though not strictly obligatory upon the Durbar, was regard as fair to all parties — ~~The D~~

3. The Durbar were however prevented from introducing such an arrange- ment by the direction of the Govt of India in Resolution of 6 Feb 18 for Calculation of the Compensation allowance on "Assumed Pay", & now that this direction (to the justice of which reasonable objection could readily be taken) has now been withdrawn, the Durbar wish to give effect to their original intention.

4. ~~It is left to~~ the Durbar's last discretion ~~whether~~ to grant or not to grant any Exchange Compensation to Govt European officers (a discretion doubtless based upon the fact that these officers enjoy larger Salaries than their Compeers in the British Service & have not, therefore, the same rights for Exchange Compensation as they)

must reasonably be held to include the much smaller discretion of limiting the amt. of the allowance by ~~calculating~~ making it a percentage of British Salary proper — ~~At any rate~~ if the Durbar's alternative is between giving these officers a Compensation on their Mysore Salary or none at all, the Durbar wd. have no hesitation in adopting the latter alternative.

If after this explanation you decide that still either of the opinion that

5. I have recd. the replies of the last British officers as to their own wishes — Four ~~Three~~ ask for the Mysore Rules, two ~~three~~ for the British Rules, & the reply of the ~~7th~~ Seventh is irrelevant.

6. On a fuller consideration of the question the Durbar have decided not to apply to any of the officers in question the Mysore Rules and to apply to all of them the British Rules on the basis of their respective British Salaries —

7. The appended Table shews their British & Mysore Salaries, the Contributions paid on account of them

and Exchange Compensation

British Salaries, and that
payments in either Case

The above table it is presumed will show at a glance that the Dunbars' proposal to pay Ex. Court. on British Salary is just & reasonable in every way.

The Resident in Mysore

Sir,

~~In continuation of my office letter No. dy~~

Adverting to Proy of the Govt of H.E. the Maharajah No. 17449 / 94 F 453-92 dy 16 April 1894, Copy of which was forwarded for your info with my Office letter No. 210-17734-G.F.45-3-92 dy 18 April 94, I have the honor to forward herewith a Statement showing the Exchange Compensation now paid to certain European Officers. These payments are Calculated on "Assumed Pay" as defined in S. 808 of the Civil Service Regns, under the authority of the Govt of India Resolution No. 661 P dy 6 Feby 1894 (Vide Gazette of India Part-I. 10 Feby 1894 p. 78).

The Govt of India Resn No. 3183 Ex. dated 26 June 1894 published at p. 396 of the Gazette of India Part-I of June 30, 1894 Cancels the above direction for Calculation of the allowance on "Assumed Pay". On ~~these~~ this being brought

to my notice I caused intimation of the fact
~~the allowance~~ to the juniors of the officers
concerned by means of a Cir. Memo

Under such Circ[s] I have the honor
to request the favor of your Obtaining
the instructions of the Govt of India
as to how Eq. Comp. allowance for
Local ~~officers of the~~ British offrs Sh[d] be
~~Calculated~~ Calculated — It appears
to me that they are not entitled to
draw from the Durbar more than
what they w[d] have drawn had
they remained in the British
Service and if I am right in
this opinion the allowance Sh[d]
be Calculated on British Salary
proper and not on the higher
Salary actually paid by the
Durbar - the question is what is "Salary" for the purpose
Sh[d] ~~if~~ the Govt of India ~~are~~
not wish to decide the question
because it is one which in
one sense is left to the discretion
of the Durbar, I shall feel much
obliged if you will kindly ascertain
whether the extension of the existing
Rule as regards the remittances
of Local European Officers to the

the Exchange Compensation the case of a Local Office

~~Local~~ cent European Officers wd
meet the reasonable requirements

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 20. July 189 4.

SIR,

I am directed to acknowledge the receipt of your letter No.1 dated the 9th July 1894 regarding the exchange compensatio payable by the Durbar to lent European Officers.

2. In reply I am to say that the principle on which this a lowance is granted is,[vide Foreign Department Resolution No.36 dated the 18th August 1893] that officers should be enabled to remit half thir actual salary at a certain privileged rate;---- "Salary" being defined in section 47 of the Civil Service Regul tions.

3. The subsequent orders of the Government of India having cancelled the calculation of the Compensation Allowance,in the case of Government Officers in Foreign Service,on "Assumed pay" it seems to the Resident clear that such compensation should no be calculated on actual salary,and that the question as to what rate of compensation an Officer would have been entitled if he had remained in British Service on a lower Salary,does not affe the case,as it would be contrary to the principle on which ---- Exchange Compensation is granted.

4. It is optional to the Durbar to grant Exchange Compen sation at all,but if granted it should,the Resident thinks,be calculated,in accordance with the Government of India rule,on actual Salary and for this reason an extension to " lent "Offi- cers of the rules regarding remittances by local officers would

is granted by Government.

5. In the circumstances a reference to the Government of India on the point at issue does not in the Resident's opinion appear necessary.

I have the honour to be,

Sir,

THE FIRST ASSISTANT TO THE RESIDENT IN MYSOR

To

The Dewan of Mysore.

Dated Bangalore, 3rd August 1894.

SIR,

I am directed to acknowledge the receipt of y letter no: 3 dated the 27th July 1894 containing the furthe views of the Darbar on the question of the grant of Exchang Compensation to British Officers whose services have been lent to the Mysore State.

2. As the Resident does not agree with the views of the Darbar as expressed in your letter under reply, the question will, I am to say, be referred to the Governme of India whose reply cannot be expected for some time.

3. I am, however, to say, with reference to paragra 4 of the above letter, that it was certainly left optional to the Darbar to grant any compensation or not, but it do not necessarily follow that the grant of the allowance, if made, should be on an arbitr...

[illegible] so as to refer to your first letter on the subject
[illegible] which you will see sanction was asked to lent officers getting
"same concessions" as those sanctioned by Government to
[illegible] own officers. Whatever the intention of the Darbar was then
[illegible] which intention is now alluded to at the close of para-
graph 3 of your letter under reply, was never expressed before.

In conclusion, I am to say that the Resident regrets to observe in paragraph 3, the remark that the justice of the orders of the Government of India as contained in their Resolution of the 6th February 1894 is open to objection.
